It is scientifically affirmed, that in the thirty years which follow the change from the girl to the woman, beginning at fifteen and ending at forty-five, the average woman spends ten years of that time in physical suffering caused by irregular periods, disagreeable drains, female troubles, or other derangements of the functions of the delicate female organs.

Think of it! One-third of the best years of a woman's life spent in a struggle with pain.

It is no wonder that women everywhere are full of unbounded praise and gratitude for Dr. Pierce's Favorite Prescription. It does away with all suffering due to the diseases of the organs peculiarly feminine. It regulates the periods, stops the disagreeable drains, heals inflamed and ulcerated conditions, and cures female weakness. It brings all the delicate female organs into natural, healthy and harmonious action. There is no opium or other narcotic, and no alcohol, whisky or other alcoholic stimulant in "Favorite Prescription."

Sick women are invited to consult Dr. Pierce by letter, without charge. Write freely. Every letter is treated as strictly private and sacredly confidential.

Mrs. M. F. Long, of Le Joup, Franklin Co., Kans., writes: "Words cannot express how grateful I am for your kind advice and good medicine. I have been in poor health more or less all my life. In the past nine years grew worse, and two years ago I was so poorly could hardly drag around. I consulted a specialist, and he said I had cancer and that an operation would have to be performed. This did not seem necessary to me, so time went by, and I at last wrote to Dr. Pierce asking advice. I bought two bottles of 'Favorite Prescription,' two of the 'Discovery' and two vials of the 'Pellets' as advised. When commencing I weighed 195 pounds, and after taking one bottle of each I was like a new woman. In one month I gained eight pounds. After taking two bottles each of the medicines named, I began to look like a woman and not like a wasted skeleton. That weary tired feeling all left me, and it did seem as though life was worth living."

Dr. Pierce's Pellets cleanse the skin.

RIGHT OF PROPERTY

In the Nellie Bartlett Case to be Determined in Squire Kidd's Court.

The case for determining the right of property will be tried in Squire Kidd's Court today. A claim of \$75 was made against the Steamer Nellie Bartlett by Speer Brothers and the suit is brought to determine the ownership of the craft as both Caleb Anderson and Cole M. Anderson lay claim to the title. In stating the details of the case several days ago we inadvertently stated that the Baxter instead of the Nellie Bartlett, was the craft against which levy had been made.

PRESBYOPIA.

Old sight and What Causes it.

H. P. Lorbach, Scientific Optician, at the Norwood (until Saturday, March 9th, only) had an unusually large patronage yesterday considering that the weather was so bad. It was also surprising to see the amount of old folk that came to see him.

CONSULTATION AND EXAMINATION FREE.

In the first place, what is your trouble? If you have never worn glasses, or if with your old reading glasses you are obliged to hold your reading matter farther than fifteen inches away to see distinctly, it is a sure indication that you need glasses or that your old glasses are too weak and need changing. This defect is known as presbyopia (old sight). It is brought about by the gradual hardening of one of the refracting media of the eye (the crystalline lens), and the proportionate weakening of the ciliary muscle in its power to modify the form of the lens. This hardening process begins in infancy and is as natural as the increasing brittleness of the bones accompanying age, and is therefore a perfectly normal feature of normal vision. The person with a perfect eye, an absolutely normal eye, will at about the age of 42 begin to find it somewhat inconvenient to read without moving the reading matter further than 15 inches to see comfortably. Unless properly fitted with convex lenses at this time to bring the matter closer and to a more comfortable position, the eye soon becomes exhausted under its maximum tension and much trouble, annoyance and vexation will be experienced unless glasses are adopted. Therefore, the sooner glasses are properly fitted to the presbyopic eye, the more perfect and satisfactory are the results that may be expected.

All work fully guaranteed.

FAMILY TROUBLES

Cause These People to Ask the Court to Right Wrongs.

In her suit against her husband, Wm. McGinnis, Flora McGinnis asks that she be granted alimony for her sustenance, claiming that the defendant has been guilty of gross neglect of duty. B. E. Guyton and J. M. White attorneys for plaintiff.

FOR DIVORCE.

George Rutter has filed suit for divorce from his wife, Emma Rutter, alleging extreme cruelty as the grounds for action. He claims that on one occasion she struck him on the head with a fire shovel and on several occasions threatened to poison him. They have four children. They were married in 1876. Ellenwood, Smith & Leeper, attorneys for plaintiff.

The Hungarian Orchestra.

This widely-known orchestra will be here next Saturday, March 9, as the fifth number in the High School Lyceum Course. Many of our people have had the pleasure of hearing these people at Mountain Lake Park, Atlantic City, and other places, and have only words of highest praise for them. They are native born Hungarian musicians of note and are very popular. The entire orchestra will be here. Tickets will be on sale at the Corner Drug Store, Thursday morning, March 7th.

Notice.
